The community human, plant and animal of The Duwamish Valley has been living for decades with the horrific impacts that unregulated and unjust industrial impacts to this waterway. People are no longer able to swim, fish and safely enjoy this space. To give homage to its cultural and sacred histories and traditions. This was once one of the most productive and ecologically diverse waterways in the world. Please please use this opportunity to aid in the repair and restoration of this incredible resource. It is beyond time to heal this terrible scar.

Sincerely,

(b)(6)

Duwamish Valley Safe Streets
